

The TSAAS Obstacle Course is a Pre Requisite for all students attending the Air Assault Course.

The Obstacles are listed in FM 21-20

If you are TDY and do not have access to the TSAAS Obstacle course, this Pre requisite may be waived. Some type of physical screening should be done by the unit to prepare soldiers for some of the O Course challenges.

The Obstacles are listed in the Order they appear on our course.

- [Tough One](#)
